

Settle College

A SPECIALIST TECHNOLOGY COLLEGE

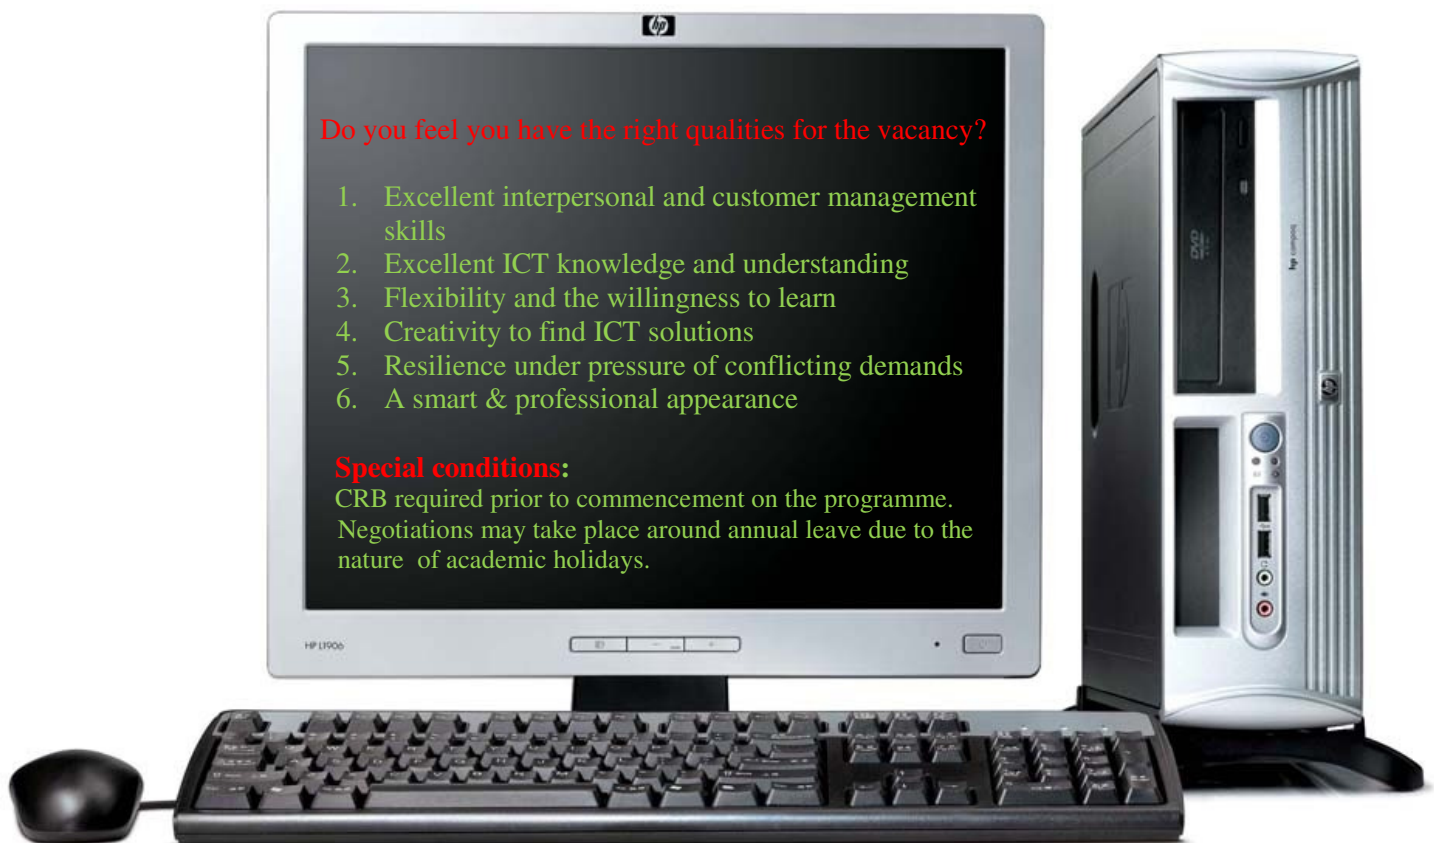

Customer Service & ICT Apprenticeship Vacancy

An exciting opportunity to learn how to provide operational support in all aspects of managing the College ICT infrastructure.

Customer Service will be central to the role and the Apprenticeship will be a bespoke package that covers Customer Service, Web Design and Networking Solutions. Applicants will have an interest in supporting customers and a keen interest in IT. Applicants will be of smart appearance, polite, confident with people and have excellent communications.

The contract is subject to a probation period and only for the duration of the Apprenticeship at L2. There may be opportunity to progress onto a L3 Apprenticeship on successful completion of L2.
